R900756177 SYDFEE-2X/100R- PSA12N00-0000-A0A0EXX Hydraulic Control Bosch Rexroth

Reference: R900756177

Short description

R900756177

Description

The R900756177 SYDFEE-2X/100R-PSA12N00-0000-A0A0EXX pump system offers a maximum operating pressure of 280 bar and a nominal size of 100. It operates by adjusting the pivot angle and pressure, making it ideal for master/slave applications. Equipped with an A10VSO BR31 pump and analog OBE, this original Bosch Rexroth product ensures superior quality and local support through CreatX Technology SRL.
