R900954254 PROPORTIONAL VALVE 4WRTE10V1-100L Bosch Rexroth

Reference: R900954254

Short description

R900954254

Description

R900954254 PROPORTIONAL VALVE 4WRTE10V1-100L ensures reliable oil flow direction control with high precision due to the internal piston position feedback. This original Bosch Rexroth product, supported locally by CreatX Technology SRL, is perfect for industrial applications with its nominal size 10 and integrated electronics at 24 VDC.
