R900999033 Hydraulic Cylinder CGH3 Configurable Series 3X Bosch Rexroth

Reference: R900999033

Short description

R900999033

Description

The R900999033 CGH3 Configurable Series 3X hydraulic cylinder from Bosch Rexroth is an original product, offering superior quality and local support through CreatX Technology SRL. This online configurable cylinder, with a round design and bilateral piston rod, allows for automated preparation of dimensional drawings and 3D data. With a nominal pressure of 350 bar, piston diameter ranging from 40 to 320 mm, and piston rod diameter from 28 to 220 mm, the stroke length can reach up to 6000 mm.
