R901064097 SYDFEE-2X/100R- PSA12KC3-0000-A0B0VX3 Hydraulic Control Bosch Rexroth

Reference: R901064097

Short description

R901064097

Description

The R901064097 SYDFEE-2X/100R-PSA12KC3-0000-A0B0VX3 pump system offers a maximum pressure of 280 bar and a nominal size of 100. It operates by adjusting the pivot angle and pressure, making it ideal for master/slave applications. Equipped with an A10VSO BR31 pump and analog OBE, this original Bosch Rexroth product ensures superior quality and local support through CreatX Technology SRL.
