R901092918 SYDFEE-2X/045R- PPA12N00-0000-A0A0FL2 Hydraulic Control Bosch Rexroth

Reference: R901092918

Short description

R901092918

Description

The R901092918 SYDFEE-2X/045R-PPA12N00-0000-A0A0FL2 pump system offers a maximum pressure of 280 bar and a nominal size of 45. It operates by adjusting the pivot angle and pressure, making it ideal for master/slave applications. Equipped with an A10VSO BR31 pump with analog OBE, this original Bosch Rexroth product ensures superior quality and local support through CreatX Technology SRL.
