R901108523 MANOMETRIC SWITCH HED 8 OA-2X/200K14AS/12 Bosch Rexroth

Reference: R901108523

Short description

R901108523

Description

The R901108523 MANOMETRIC SWITCH HED 8 OA-2X/200K14AS/12 offers potential-free switching for currents from 1 mA to 2.0 A. This hydraulic sensor from Bosch Rexroth stands out with its high repeatability accuracy of less than 1% of the set pressure. Without hysteresis, it operates based on the set switching point. Includes a 200 bar micro-switch with an open/close function and DIN EN 175301-803 device plug. Original products, local support through CreatX Technology SRL.
