R901168827 PROPORTIONAL VALVE 4WRKE35E1000P-3X/6EG24 K31/F1D3M Bosch Rexroth

Reference: R901168827

Short description

R901168827

Description

R901168827 PROPORTIONAL VALVE
4WRKE35E1000P-3X/6EG24K31/F1D3M is a high-quality industrial hydraulic valve offering reliable control of oil flow direction. With high precision due to the internal piston position retraction and nominal size 35, this original Bosch Rexroth product is ideal for industrial applications. Enjoy local support through CreatX Technology SRL.
