R901338404 PROPORTIONAL PRESSURE RELIEF VALVE DBETA-6X/P200G24K31A1V Bosch Rexroth

Reference: R901338404

Short description

R901338404

Description

The R901338404 DBETA-6X/P200G24K31A1V hydraulic valve is an original Bosch Rexroth product, providing reliable pressure relief at the nominal value signal. This proportional pressure relief valve is ideal for industrial applications, featuring a nominal size of 6 and operating at 24 VDC. With integrated electronic components, the product ensures superior performance and local support through CreatX Technology SRL.
