R901387684 Hydraulic Control System Pump Bosch Rexroth

Reference: R901387684

Short description

R901387684

Description

R901387684 Hydraulic Control System Pump provides a maximum pressure of 280 bar and a nominal size of 45. This system uses pivot angle adjustment and pressure regulation, making it ideal for master/slave applications. Equipped with an A10VSO BR31 pump and an external analog electronic system, this original Bosch Rexroth product ensures superior quality and local support through CreatX Technology SRL.
