R901425476 AUTOMATIC MANOMETRIC HEDE10-3X/600/1/-GI- K35-0 Bosch Rexroth

Reference: R901425476

Short description

R901425476

Description

R901425476 AUTOMATIC MANOMETRIC HEDE10-3X/600/1/-GI-K35-0 is a high-quality hydraulic sensor from Bosch Rexroth. It provides display for pressure values and parameters, with additional transfer via IO link. All components are made of stainless steel, ensuring excellent overload and burst behavior. The electronic pressure switch includes one switching output and one analog output (0...10 V / 4...20 mA), with a pressure range of 0...600 bar. Original product, locally supported by CreatX Technology SRL.
