R901433087 Pressure Switch HEDE10-3X/250/2/-GA-K35-V Bosch Rexroth

Reference: R901433087

Short description

R901433087

Description

R901433087 Pressure Switch HEDE10-3X/250/2/-GA-K35-V provides display for pressure values and parameters, with additional transfer via IO link. Stainless steel components ensure durability and overload resistance. The electronic pressure switch includes 2 switching outputs and a pressure range of 0-250 bar. Original product, local support through CreatX Technology SRL.
