R901433088 Pressure Switch HEDE10-3X/400/2/-GA-K35-V Bosch Rexroth

Reference: R901433088

Short description

R901433088

Description

R901433088 Pressure Switch HEDE10-3X/400/2/-GA-K35-V provides accurate display for pressure values and parameters, with additional transfer via IO link. Stainless steel components ensure durability and overload resistance. With two switching outputs and a pressure range of 0-400 bar, this original Bosch Rexroth product is ideal for industrial applications, locally supported by CreatX Technology SRL.
