R901445758 SYDFEE-2X/100R- PSA12KC3-0000-A0A0CX3 Hydraulic Control Bosch Rexroth

Reference: R901445758

Short description

R901445758

Description

The R901445758 SYDFEE-2X/100R-PSA12KC3-0000-A0A0CX3 pump system offers a maximum pressure of 280 bar and a nominal size of 100. It operates by adjusting the pivot angle and pressure, making it ideal for master/slave applications. Equipped with an A10VSO BR31 pump and analog OBE, this original Bosch Rexroth product ensures superior quality and local support through CreatX Technology SRL.
