## **R901540244 SYHDFEE-1X/100R-FZB25U24-0000-C0A0C Hydraulic Control Bosch Rexroth**

**Reference:** R901540244

### **Short description**

R901540244

### **Description**

The R901540244 SYHDFEE-1X/100R-FZB25U24-0000-C0A0C pump system in the Hydraulic Control category offers a maximum pressure of 350 bar and a nominal size of 100. It operates by adjusting the pivot angle and pressure, making it ideal for master/slave applications. A4VSO pump with analog OBE, original Bosch Rexroth product, ensures superior quality and local support through CreatX Technology SRL.
