3842146813 METAL CLAMP

60X60X42X2.5 Profile Accessories

Bosch Rexroth

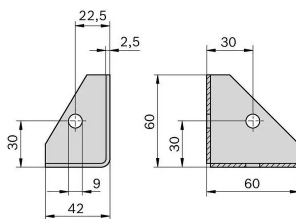

Reference: 3842146813

Short description

3842146813

Description

The 3842146813 metal clamp for angular profile joining offers a robust and efficient solution. With the ability to screw surface elements into the rib stiffening bore, this original Bosch Rexroth product ensures superior quality and local support through CreatX Technology SRL. Ideal for industrial applications, without the need for additional profile processing.
