3842191194 END CAP 45X45X27 Profile Accessories Bosch Rexroth

Reference: 3842191194

00109362

Short description

3842191194

Description

The 3842191194 end cap, part of the Profile Accessories category, is a crucial component for aluminum profile constructions. This end cap is perfect for sliding door framing, providing an elegant design and protection against injuries. Easy installation with interior brackets and headless screws ensures secure fastening. Original Bosch Rexroth product, available with local support from CreatX Technology SRL.
