3842501751 HAMMER NUT 8 M4 Bosch Rexroth

Reference: 3842501751

Short description

3842501751

00109375

Description

The 3842501751 hammer nut for 8 mm groove, made of galvanized steel, ensures a secure and conductive connection. This standard element includes a stopper for correct positioning in the profile groove, without requiring profile processing. The isolation cap allows for direct grounding component disconnection. Original Bosch Rexroth product, available with local support from CreatX Technology SRL.
