3842504760 ANGLE R40X43 Profile Accessories Bosch Rexroth

Reference: 3842504760

Short description

3842504760

Description

The standard corner R40x43, code 3842504760, is an original Bosch Rexroth product, perfect for quick and precise profile assembly. With easily breakable centering lugs, this corner allows for non-rotational joints and smooth edges due to rounded angles. The product requires no profile processing and is locally supported by CreatX Technology SRL.
