3842518424 ANGLE R40X43 SET Profile Accessories Bosch Rexroth

Reference: 3842518424

Short description

3842518424

Description

The R40x43 angle set, code 3842518424, is an original Bosch Rexroth product, perfect for quick and precise profile assembly. The centering lugs ensure rotation-free installation and can be easily removed for plate or transverse mounting. Its design avoids disturbing edges, providing a smooth finish. The product requires no profile processing, ensuring superior quality and local support through CreatX Technology SRL.
