Description

The 3842523094 CONNECTOR 45 PN from Bosch Rexroth is a crucial component for the mechanical and pneumatic frontal connection of 45x45 or 45x45L profiles. Designed to withstand a maximum pressure of 8 bar, this connector allows the use of a pulling device as a compressed air conduit. The T 45 Pneu joining piece facilitates 90° connections, ensuring a secure and efficient link. Original Bosch Rexroth products are available with local support through CreatX Technology SRL.
