3842523097 Flange Plate 45x90 Bosch Rexroth

Reference: 3842523097

45x90

41364

Short description

3842523097

Description

The 3842523097 flange plate, type 45x90, is an original Bosch Rexroth product, perfect for front sealing of hollow chambers at pressures up to 8 bar. It allows profiles to be used as compressed air pipes, providing flexibility in air intake and exhaust. The product benefits from local support through CreatX Technology SRL, ensuring superior quality and reliability in use.
