3842523165 SYSTEMTUER 750 CONSTRUCTION SET Bosch Rexroth

Reference: 3842523165

Short description

3842523165

Description

The 3842523165 SYSTEMTUER 750 construction set by Bosch Rexroth is an original product, offered with local support through CreatX Technology SRL. This set includes all necessary components for the B750 system door assembly, such as the assembly kit and protection frame. It is ideal for use as a finished protection frame door, compatible with both left and right stoppers. Superior quality and advanced technical design ensure easy installation and durability.
