# 3842523558 ANGLE 45X45 Profile Accessories Bosch Rexroth

**Reference:** 3842523558

## Short description

3842523558

## Description

The 3842523558 ANGLE 45X45 is an original Bosch Rexroth product, perfect for quick and precise mounting in industrial applications. Featuring easily detachable centering lugs and a protective cover cap, this angle offers superior quality and local support through CreatX Technology SRL. Available in grey and black ESD versions, it is ideal for various uses without requiring profile processing.
