3842525457 ECO FLOW COVER CAP MV-45X45 Bosch Rexroth

Reference: 3842525457

Short description

3842525457

Description

3842525457 ECO FLOW COVER CAP MV-45X45 provides an efficient and cost-effective solution for protecting sensitive components. It includes a plastic ball roller, ideal for manual transport of large surface goods. The corner piece and stopper ensure secure fixation and smooth stopping of workpiece pallets. Original Bosch Rexroth product, available with local support from CreatX Technology SRL.
