3842525782 DOUBLE DOOR CONSTRUCTION SET 2000 Bosch Rexroth

Reference: 3842525782

Short description

3842525782

Description

The 3842525782 double door assembly set B2000 from Bosch Rexroth is ideal for use as a finished frame door. It offers easy subsequent installation in a protective fence and allows optional mounting of a commercially available locking cylinder. Necessary components include the double door assembly set and two protective frames. This assembly set is perfect for mounting the EcoSafe double door in the raster size, ensuring superior quality and local support through CreatX Technology SRL.
