3842527174 Screw S8X25-T40 Profile Accessories Bosch Rexroth

Reference: 3842527174

00111387

Short description

3842527174

Description

The central screw 3842527174 S8x25-T40 is a self-tapping fastening element, perfect for installation without profile processing. This original Bosch Rexroth product offers superior quality and local support through CreatX Technology SRL. It is the most affordable fastening element, allowing profile processing with a through-hole for screwdriver or Allen key.
