3842529404 R40X40 CORNER SET Bosch Rexroth

Reference: 3842529404

Short description

3842529404

Description

The rectangular corner 3842529404 R40X40 is perfect for corner joining of 3 square or semi-round profiles with the same cross-section. It is easily mounted using self-tapping screws, without the need for profile processing. An original Bosch Rexroth product, offered with local support by CreatX Technology SRL, ensures protection and prevents soiling with round or square cover caps.
