3842529761 Protection Panel Profile 10 AL L-2000 Bosch Rexroth

Reference: 3842529761

Short description

3842529761

Description

The 3842529761 protection panel profile 10 AL L=2000 from Bosch Rexroth is perfect for subsequent mounting in closed frame constructions, suitable for cleanroom conditions. This base profile allows surface elements with thicknesses between 2-8 mm to be mounted flush with the profile edge, ensuring a secure fit. Tested for volatile organic emissions, it is an original product with local support provided by CreatX Technology SRL.
