3842530325 Lock Nut 8 M5 Profile Accessories Bosch Rexroth

Reference: 3842530325

Short description

3842530325

Description

The 3842530325 lock nut for groove 8 provides superior torsion resistance for profile connections with central screw or quick clamping joint. This original Bosch Rexroth product allows for subsequent mounting in the joint, ensuring quality and local support through CreatX Technology SRL.
