3842530460 ANGLE 100X100

Profile Accessories Bosch Rexroth

Reference: 3842530460

100x100

Short description

3842530460

Description

The 3842530460 ANGLE 100X100 is an original Bosch Rexroth product, perfect for quick and precise assembly thanks to centering lugs. These can be easily removed for plate or transverse mounting. Available with cover caps in grey and black ESD variants, this angle does not require profile processing. Benefit from local support through CreatX Technology SRL.
