3842536566 Plate 60X60 8N M12 Bosch Rexroth

Reference: 3842536566

Short description

3842536566

Description

The 3842536566 Plate 60X60 8N M12 is an original Bosch Rexroth product, perfect for securing articulated feet in profiles without a pulling device. Used as an end or T-joint piece, this plate ensures superior quality and local support through CreatX Technology SRL. Profile processing includes thread cutting devices in the pulling device.
