3842537945 ROLLER SUPPORT D32X37.5 ESD Bosch Rexroth

Reference: 3842537945

Short description

3842537945

Description

The 3842537945 roller support for D32/37.5 ESD is an essential component for mounting manual transport sections, based on the multifunctional U-profile. This roller support is designed for D32 and D32SK rollers, featuring a robust steel axle. The transport elements are click-in, adapting to every need, with options for rollers with or without bandage lip, available in 4 colors for efficient object visualization (Kanban) or good/bad parts. The sliding rails are available with or without integrated side guide (GSSK, GS), and the roller elements are available with and without bandage lip (RE45SK, RE45). Original Bosch Rexroth products are available with local support through CreatX Technology SRL.
