3842537947 Roller Support D32SK/50 ESD Bosch Rexroth

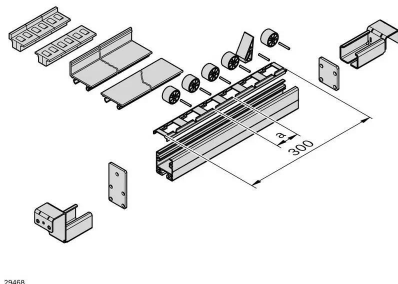

Reference: 3842537947

Short description

3842537947

Description

The 3842537947 D32SK/50 ESD roller support is an essential component for assembling manual transport sections, based on the multifunctional U-profile. This roller support is designed for D32 and D32SK rollers, featuring a robust steel axle. The transport elements are click-in, adaptable for any need, with rollers available in four colors for efficient object visualization (Kanban). The support offers sliding rails with or without integrated side guides and roller elements with or without bandage lips. Original Bosch Rexroth products are available with local support from CreatX Technology SRL.
