3842541196 GREY CONTACT RAIL Bosch Rexroth

Reference: 3842541196

00134987

Short description

3842541196

Description

The 3842541196 contact rail is an original Bosch Rexroth product, part of the Profile Accessories category. This D28L sliding rail is designed to facilitate the connection of EcoShape joining elements, featuring 4 interfaces and a 10 mm groove for accessory attachment. Ideal for creating conveyor belts or sliding sections, it offers impact protection and local support through CreatX Technology SRL.
