3842543402 Articulation 40x40 Support Bosch Rexroth

Reference: 3842543402

Short description

3842543402

Description

The 40x40 support articulation, code 3842543402, is an original Bosch Rexroth product, featuring an elegant design with special silver paint (RAL 9006). With a 180° range of motion, it is ideal for mobile or fixed profile joints at random angles. It includes auxiliary grading at 15° and can be clamped (5 Nm) and comfortably adjusted using a tightening lever. Available with local support from CreatX Technology SRL.
