3842551040 Cover Cap D11 Bosch Rexroth

Reference: 3842551040

Short description

3842551040

Description

The 3842551040 cover cap, an original Bosch Rexroth product, is perfect for quick fastening D11 joint parts. It provides precise processing for blind hole DI, DB11, DB17 or through hole DI, D11, D17. The traction anchor head is rotated 90° relative to the clamping sleeve, ensuring secure and efficient fastening. Enjoy local support through CreatX Technology SRL.
