3842551053 COVER CAP D11X23.5 ESD Bosch Rexroth

Reference: 3842551053

33402

Short description

3842551053

Description

The 3842551053 D11 x 23.5 cover cap is perfect for right-angle joining of two profiles. Profile processing includes D11 and D17 through-hole, suitable for high loads, including torsion. Installation is possible in closed frames. Original Bosch Rexroth products provide superior quality and local support through CreatX Technology SRL.
