Description

Protection frame 3842554280 SCHUTZRAHMEN V 1800X2000 WG40, an original Bosch Rexroth product, offers easy mounting on supports with a suspension bracket. Only one installer is needed. Available in standard widths or custom sizes, this protection frame with 30x30 WG40 profile and 40x40x4 corrugated wire mesh is ideal for additional stability on large surfaces. Constructive sets are adapted for door installation, including door mounting kits, sliding doors, and double doors. Delivered fully assembled, it enhances visual contrast and facilitates the identification of access and evacuation routes. Benefit from local support through CreatX Technology SRL.
