# 3842554457 45 45X45 SILVER ESD CONNECTING SLEEVE Bosch Rexroth

**Reference:** 3842554457

## Short description

3842554457

## Description

The 3842554457 connecting sleeve, type 45° 45x45 Silver ESD, features an elegant design with special silver paint RAL 9006. This original Bosch Rexroth product is ideal for 45° profile connections without the need for profile processing. With a centering lug for easy positioning, it is perfect for frame stiffening and connections on the front or in the profile groove. Enjoy local support through CreatX Technology SRL.
