## 3842555276 Profile with Groove 10 L-2000mm Bosch Rexroth

**Reference:** 3842555276

### Short description

3842555276

### Description

The 3842555276 Profile with Groove 10 L=2000mm provides a high-quality framing solution for surface elements up to 6 mm. This original Bosch Rexroth profile ensures a secure fit in the profile groove and can also be used as a cover profile. Enjoy local support through CreatX Technology SRL for installation and maintenance.
