3842555596 Double Connector 10 D17X50 Profile Accessories Bosch Rexroth

Reference: 3842555596

Short description

3842555596

Description

The 3842555596 Double Connector D17x50 is perfect for right-angle joining of two profiles, ensuring a robust and secure fit. Designed to withstand high loads and torsion, this original Bosch Rexroth product is ideal for demanding industrial applications. Profile processing requires D11 and D17 through holes. Enjoy local support through CreatX Technology SRL.
