3842555622 MALE CLOSURE PIECE GST18I3 Bosch Rexroth

Reference: 3842555622

Short description

3842555622

Description

The closure piece 3842555622, type GST18I3, is an essential accessory for efficient cable connection in electrical systems. This original Bosch Rexroth product, distributed by CreatX Technology SRL, ensures automatic and secure mounting, compatible with the 45x45 cable channel. Its design allows the connection of up to three economical lights, providing local support and superior quality. Ideal for extending connection cables according to standards, the piece is equipped with a cable loop support and Velcro strap for cable protection.
