3842558512 SOCKET STRIP COVER RAIL 120 ESD Bosch Rexroth

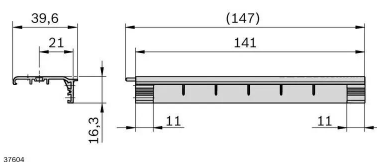

Reference: 3842558512

Short description

3842558512

Description

The 3842558512 SOCKET STRIP COVER RAIL 120 ESD from Bosch Rexroth is an original product offering superior quality and local support through CreatX Technology SRL. This black ESD rail extends socket module covers and closes the opening slot of modules mounted in cable guide profiles. It is compatible with socket modules of 263 mm and 404 mm length and mounts in 60x120 and 120x120 cable guide profiles. Includes two semi-round housings, ideal for integration into MPS manual production systems.
