3842558627 Lift Module F1600-LIFT440MM Bosch Rexroth

Reference: 3842558627

Short description

3842558627

Description

The 3842558627 F1600-LIFT440MM lift module from Bosch Rexroth provides versatile solutions for height adjustment at workstations, even under heavy loads. It includes three lifting modules with various forces and speeds, easy mounting via mounting plate or integrated groove, and a 2 m connection cable. Its design prevents crushing hazards and is ESD compliant. Original product with local support through CreatX Technology SRL.
