3842559394 SL12LED ECO LIGHTING SYSTEM Bosch Rexroth

Reference: 3842559394

Short description

3842559394

Description

The SL12LED ECO lighting system, code 3842559394, provides an economical solution for ergonomic workplace lighting. With high luminous power and low energy consumption, this compact and lightweight system ensures glare-free light and optimal radiation angle. Ideal for workstations up to 1600 x 600 mm, it easily mounts on profile rails or the underside of the profile. Original Bosch Rexroth product, available with local support from CreatX Technology SRL.
