3842559395 SL12LED ECO WIDE Lighting System Bosch Rexroth

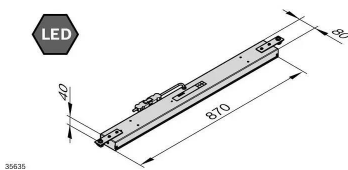

Reference: 3842559395

Short description

3842559395

Description

The 3842559395 SL12LED ECO WIDE lighting system by Bosch Rexroth is an economical solution for ergonomic workplace lighting. It offers high luminous power with low energy consumption, featuring a compact size and lightweight design. Glare-free light with optimal radiation angle, thanks to its matte and wide appearance. Ideal for workstations up to 1600 x 600 mm. Mountable on profile rail or underside of the profile. Original product with local support through CreatX Technology SRL.
