3842563248 GST MINI CONNECTION CABLE L-1 M Bosch Rexroth

Reference: 3842563248

Short description

3842563248

Description

The GST mini connection cable, code 3842563248, provides an efficient solution for connecting lighting systems within profile accessories. With a color temperature of 5000 K, this cable allows quick and easy groove mounting and offers the possibility to connect additional lighting fixtures. It is ideal for use at ESD workstations and enables power supply to SL 24 and SL 12 basic lighting systems. Original Bosch Rexroth product, available with local support from CreatX Technology SRL.
