

3842563302 Container Lifter El. Lift-900 Modular Bosch Rexroth

[illegible]

3842563302

The 3842563302 Container Lifter El. Lift=900 Modular from Bosch Rexroth is a high-quality device designed for ergonomic preparation of parts at the workstation. It offers manual and automatic operation, compatible with Basic and Comfort manual switches. The rollers allow semi-mobile use, and the ESD execution makes it ideal for sensitive areas. The modular design and 10 mm groove facilitate component mounting. Original product, available through CreatX Technology SRL, provides local support and repair options.
