3842567351 D28L 45 Bracket Profile Accessories Bosch Rexroth

Reference: 3842567351

3842567351

Short description

3842567351

Description

The D28L 45° bracket with code 3842567351 is an original Bosch Rexroth product, providing torsion safety and improved settling behavior. Its enhanced dynamic load capacity ensures permanent maintenance, making it ideal for quick and additional construction stiffening. Enjoy local support through CreatX Technology SRL.
