3842998110 MPS-WORKPLACE WORKSTATION Bosch Rexroth

Reference: 3842998110

Short description

3842998110

Description

The 3842998110 MPS-WORKPLACE workstation offers flexible customization possibilities with a wide range of parameters. Geometry and functionality can be freely selected, and the product is available fully assembled or as a kit for self-assembly. It can be complemented with random subassemblies such as crossbars and conveyor belts, as well as individual components. Available in ESD conductive execution, this workstation complies with DIN VDE 0100-410 standards for protection against electric shock. Original Bosch Rexroth product with local support through CreatX Technology SRL.
